UNITED STATES GOVERNMENT
Memorandum

TO : George Allen and [redacted]
FROM : Howard Stoertz
SUBJECT:

I talked with Don Steininger by phone today, and we made some agreements.

a. DDS&T (Steininger) to get minutes of Working Group meetings from Allen as CIA rep.

b. [redacted] as chairman GMAIC will be invited regularly to Working Group meetings. (He is unable to attend this Friday but has asked [redacted] to sit in for him.)

c. So will [redacted] COMREX

d. Dave Brandwein (SIGINT) wishes to be informed when something of relevance is on agenda. (I agreed.)

e. Steininger would like advance copies of agenda. (I said wasn't that well organized, but would try to keep him informed--can [redacted] do this informally?)

f. Steininger was informed by me that this Working Group deals only with monitoring, not with support to Verification Panel mechanism and SALT Delegation as such. (We had better keep reminding people of this.)

g. Steininger and I agreed that we should keep each other informed and consult together directly if there were problems.

h. The foregoing, according to Don, should meet the concerns expressed in and by DDS&T so far.

i. The question of an alternate to Allen as CIA rep did not come up.
